[FICTIONAL SAMPLE FOR TESTING PURPOSES ONLY - CONTAINS NO SCHOLARSHIP DATA]

EDUCATION

Bachelor of Science in Biosciences (Biotechnology & Molecular Biology) (Final Year, Graduating 2026)
St. Xavier's College (Autonomous), Kochi | Cumulative CGPA: **7.4 / 10.0**

TECHNICAL & LABORATORY SKILLS

Lab Techniques: PCR, Gel Electrophoresis, Cell Culture, ELISA, Western Blot, Flow Cytometry
Bioinformatics: BLAST, Clustal Omega, PyMOL, R (basic), Excel-based statistical analysis
Languages: English (fluent), Malayalam (native), Hindi (conversational)

RESEARCH PROJECTS

Phytochemical Screening of Morinda citrifolia Leaf Extracts (Final Year Dissertation)
• Identified and quantified antimicrobial alkaloids using HPLC and spectrophotometry.
• Compiled comparative analysis of 6 extraction solvents; results submitted for departmental journal.

Gut Microbiome & Metabolic Syndrome Review (Independent Literature Synthesis)
• Authored a 4,000-word critical review on Lactobacillus interventions in Type-2 diabetic mouse models.

EXTRACURRICULAR & COMMUNITY

Volunteer Science Communicator – Kerala State Science and Technology Museum (2024–2025)
Secretary – College Biology Society; organized two inter-collegiate symposia (2024)

ACADEMIC OBJECTIVES & FUNDING

Seeking fully funded or substantially supported Master of Science programs in Molecular Biology, Biotechnology, or related Life Sciences across **the Netherlands, Ireland, and Australia**. Family can provide partial funding (approx. 40%); therefore need scholarship or assistantship covering the remaining tuition and living costs. Nationality: Indian.
